

20th March 2020

Dear parents and carers,

To ensure the continuity of learning in the ongoing management of the COVID-19 virus, the English faculty will implement the following manner of curriculum delivery in the event of a school closure.

Every class has an individual Google Classroom which teachers will use to communicate with students. Teachers will follow their normal timetable and upload work each morning for the day. This work will include PowerPoints, videos, links to other sites and worksheets.

Students can complete their work in several ways. If unrestricted Internet access is not possible they may work in their English books as normal. They may also be asked to comment or post in their Google Classroom, or work in a shared Google Doc/Slide with their teacher.

Teachers will monitor Google Classroom and emails to respond to students in normal school hours.

Individual Google Classroom codes and teacher emails are printed on the reverse of this letter. Parents/carers can also subscribe to each Google Classroom to receive a daily email summary of the work posted. Please email your child's class teacher if you would like to be linked as a guardian.

If your child does not have access to the internet at home, please contact me directly to arrange a solution.

Regards,

Lauren Parsons
Head Teacher English
