

19 March 2020

Dear Parents/Carers

The Mathematics faculty wants to ensure the continuity of learning for your child in the event of a school closure. For this reason, we have set up a Google Classroom for every course. Teachers will be uploading work to these virtual classrooms for your child to complete at home.

The work will include

- Written Notes
- Powerpoints
- Videos
- Assigned work/worksheets

We also ask that all assessment tasks be submitted via their Google Classroom.

If your child does not have access to the internet at home, they need to meet with their teacher as soon as possible to organise alternative work.

The code for your child is as follows:

Year 7 Mathematics Google Classroom code.: **hgoalel**

Students should access the Google Classroom through the portal. If the computer already has a google account signed in Google Classroom can have issues if it is accessed in different way

If you need to contact your child's teacher, please message them in Google Classroom.

We can also add parents to Google Classroom. Please contact me if you need help.

Mr Brown damien.brown31@det.nsw.edu.au
