20th March 2020

Dear parents and carers,

To ensure the continuity of learning during the ongoing management of the COVID-19 virus, the TAS faculty will implement the following manner of curriculum delivery in the event of a school closure.

Every TAS class has an individual Google Classroom which teachers will continue to use to communicate subject lessons and assessment requirements. Students have already engaged in this platform for several years and will be familiar with the associated processes of engagement. Where collaboration/ feedback is required shared Google Docs will also be utilised. Year 7 are also familiar with this platform as it has already been used to submit assessment work this year.

Student work booklets, assessment tasks and activities will continue to be posted to their classrooms. Additional class tasks will be also added, in the case of a school closure, as guided by student timetables.

Teachers will monitor their Google Classrooms and emails to respond to students during normal school hours.

Senior students have also been provided with subject textbooks to additionally support their learning.

Individual class codes and teacher emails can be found on the reverse of this letter. Please email the class teacher if you wish to be linked as a guardian.

If your child does not have access to the internet at home, they need to meet with their class teacher as soon as possible to arrange a solution.

Regards

Leisa Stone
Head Teacher TAS
Leisa.gosbee@det.nsw.edu.au

The code for your child's TAS class is as follows:
